

Admission Checklist for Your Short-Term Rehabilitation Stay

- ✓ **Comfortable clothing for 7 days**
 - Due to IV's, weight gain is common after surgery
 - You will need clothes you can freely move in for therapy sessions (we do not recommend jeans)

- ✓ **Athletic shoes**
 - The stability provided by good footwear is needed during therapy sessions
 - Tie shoes are preferred to reduce risk of your foot sliding out of shoe

- ✓ **Robe**

- ✓ **Personal care items**
 - *Toothbrush, *toothpaste, *brush/comb, *deodorant, make-up, shaving kit
 - *Items provided by facility, but residents can bring their own preferred products from home

- ✓ **Glasses / contacts / hearing aids and storage cases / dentures cup or case**

- ✓ **Medication list from home**
 - We need to compare this list to the medication list provided by the hospital

- ✓ **Insurance information/cash**
 - Your insurance information will be verified for proper coverage of your stay
 - You might want cash for miscellaneous items (i.e. pop, haircut). A petty cash account is available in the business office. We recommend that you not keep cash or valuables in your room.

- ✓ **Copy of healthcare directives** (Power of Attorney for Healthcare / Finance)
